THE CYTOSKELETON AND CELL FUNCTION

April 26-30, 1995

Arranged by
Elizabeth Raff, Indiana University
David M. Helfman, Cold Spring Harbor Laboratory

PROGRAM

Actin Filament Assembly and Dynamics
Session Chair: ***Peter Rubenstein***, University of Iowa

Motile Systems
Session Chair: ***George Langford***, Dartmouth College

Microtubule Assembly and Dynamics
Session Chair: ***Elizabeth Raff***, Indiana University

Cell Division and Nuclear Structure
Session Chair: ***Richard McIntosh***, University Colorado

Intermediate Filaments
Session Chair: ***Ueli Aebi***, Biocenter, Basel, Switzerland

Molecular Motors: Intracellular Trafficking
Session Chair: ***Mary Porter***, University of Minnesota

Signal Transduction: Membrane-Cytoskeleton Interactions
Session Chair: ***Mary Beckerle***, University of Utah

The Role of the Cytoskeleton in Development and Differentiation
Session Chair: ***Lynn Cooley***, Yale University
